### EXPERIENCE

---

- **Teaching Assistant Data Science for Medicine** Zurich, Switzerland  
*ETH Zurich* Feb 2026 - Aug 2026
- **Teaching Assistant Visual Computing** Zurich, Switzerland  
*ETH Zurich* Sep 2025 - Feb 2026
- **Student Assistant** Zurich, Switzerland  
*ETH Industry Relations* Sept 2025 - Aug 2026
  - Built "org-agent", an open-source AI Agent (LangGraph) that enriches and validates company data. This agent fully automated company data validation in a data-sovereign manner, using open-weight LLM models.
- **Working Student Information Security & IT Risk (40%)** Zurich, Switzerland  
*Swiss Life Asset Managers* Jan 2023 - Dec 2023
  - Coordinated Penetration Tests with external partners and supported IT Risk assessments.
- **Intern** Basel, Switzerland  
*Lonza Group AG* Jun 2021 - Sep 2021
  - Supported Robotic Process Automation initiative using Automation Anywhere.
- **Soldier (COMINT Analyst)** Bern, Switzerland  
*Swiss Armed Forces* Jul 2020 - May 2021
- **Junior Linux Administrator** San Francisco, United States  
*Roche Holding AG and Genentech Inc. (Subsidiary)* Jul 2019 - Jun 2020
  - Automated Linux server configuration using Ansible. Supported implementation of load-balanced HPC web portal. Supported scientists in their Linux workspace. Certificates: LPIC-1, LPIC-2
- **IT Apprentice** Basel, Switzerland  
*Roche Holding AG* Aug 2015 - Jul 2019
  - Full stack web development using Python Flask and jQuery. Designed and set up relational databases. Containerized applications using Docker and Singularity. Supported users in their Linux workspace.
- **Content Creator** Self-Employed  
*YouTube* Jun 2014 - Dec 2025
  - Passionate about creating videos in the fields of geography, culture and moving abroad using AfterEffects and Blender. 70k+ subscribers in total on YouTube.

### EDUCATION

---

- **ETH Zurich** Zurich, Switzerland  
*MSc Computer Science (Major in Machine Intelligence)* Sep 2025 - Present
- **EPFL** Lausanne, Switzerland  
*Exchange Semester* Aug 2026 - Jan 2027
- **ETH Zurich** Zurich, Switzerland  
*BSc Computer Science - Thesis: 3D Gaussian Splatting on deformable meshes (5.75/6)* Sep 2021 - Aug 2025
- **The Chinese University of Hong Kong** Hong Kong SAR  
*Exchange Semester* Aug 2024 - Jan 2025

### MORE

---

- **Certifications:** AWS Certified Machine Learning Engineer - Associate (e058036542cf409cbab9a8f052b996c1), LPIC-1 (7ey4ac8pt9), LPIC-2 (88qxrj99y)
- **Motivation:** Excited about technical challenges and the application of ML and LLMs into solving real-world problems (see github). Experienced in Python (including ML algorithms using scikit-learn), Linux / Bash, SQL, PHP, Docker, Ansible, Git, Adobe CC, Blender, and MS Office. I enjoy discussing different approaches in a team and learning from peers!
- **Hobbies:** Content Creation, Video Editing, Piano, Gym
- **Languages:** German, English, Russian, French (B1)
